TEMPE'S GREETINGS TO PROGRESSIVES TONIGHT

County Candidates of Bull Moose Party
Promised Warm Reception in
Tempe Town Tonight

All Tempe will be out to greet the progressive party county candidates who are scheduled for a meeting in this city this evening on their campaign tour of the county. Local progressives, and they aggregate by no means a small division of the voting population of the town, have left nothing undone to assure a most cordial welcome to the visiting candidates. On top of it all, the Tempe land, which is in its element on such an occasion as this, will be out for the evening, giving first an open air concert on the street and then taking part later on the program at the rally.

The Goodwin airbone on east Fifth street, which housed such an enthusiastic bunch of voters on the occasion of the state progressive candidates' rally in Tempe, last week, again comes in for service this evening. Extra seats will be installed today and all other necessary arrangements attended to, to insure comfort for the audience.

It is expected that every one of the county candidates will be here. The local precinct candidates may come in for a share of the attention. The chairman will call the rally to order at eight o'clock.

PRETTY HOME WEDDING

One of the prettiest home weddings that has taken place in Tempe in months was that of Wednesday evening, when Miss Blanche Clark was wedded to Mr. Fred Gernam, at the home of the bride's mother in Goldman addition. Decorations were in vogue everywhere, and not a feature was left undone to make the occasion an attractive and memorable one. The wedding ceremony was read by Rev. Wilbur Fisk, pastor of the Methodist Episcopal church in this city. The young couple were attended by Miss Irma Zimmerman and Claude Clark and Miss Florence Frizzell and Clarence Clark, the two young lady friends and two brothers of the bride. Mrs. Gernam is well and favorably known in and about Tempe having been teaching school for a number of years. The groom is a prosperous rancher of Atlatavita, Kansas. Mr. and Mrs. Gernam left yesterday morning for their future home in Kansas, where many years of the life of both the bride and groom were spent during their younger days.

CIVICS DEPT. MEETING

The civics department of the Tempe Woman's club will meet this afternoon at three o'clock in the Odd Fellows hall for the transaction of its regular monthly business and program. Roll call will be answered to with a quotation from James Whitcomb Riley. A general discussion will follow on the proposed amendments to the state constitution. All ladies of Tempe interested in the work of the department are invited to be present at the appointed hour.

SPOKE AT NORMAL

Rev. J. R. Rountree, pastor of the Christian church in Tempe, delivered a very interesting and highly appreciated lecture to the student body of the normal school at chapel yesterday morning. Regular appearances for Thursday morning appearances on the rostrum are now filled by the clergymen of the town.

Postmaster J. W. Woolf is again on duty at the local office after a couple weeks' vacation spent in and around Payson. He returned, accompanied by his companion, Alexander Nelson, Wednesday evening and taking into consideration everything but their ill luck in locating any wild game, the outing was an enjoyable one. Deer were sought on the expedition, but none were sighted, and the time was spent, otherwise, both Mr. Woolf and Mr. Nelson, enjoyed the usual interesting and novel experiences of the trip, to the utmost.

HUNTERS HUNTING

Tempe was shy a doctor, justice of the peace and undertaker combined, a jeweler and an entomologist all yesterday afternoon, for a single representation from each of these vocations, made up a party that put in a well spent afternoon south of town, quail hunting. No doubt the loss of business developed by their absence from town was well made up for by the pleasures and game derived from the expedition. Nobody was sick, nobody disturbed the peace or died, all watches ran O. K. and bugs were detained at home by the wet weather, so the hunters missed not a thing. In the party were, Dr. F. C. Brechan, E. P. Carr, Frank Lamont and V. L. Wildermuth.

MESA'S CONTRIBUTION TO THE NEWS OF THE DAY

CAUGHT AT THE ARCTIC CIRCLE

Two of the Former Students of Evans School Have Quite a Unique Experience

John Heard, Jr., and Sam Mixer, former students of the Evans school, arrived in Mesa and are making a visit to their old stamping ground. They have just returned from a long sojourn in the regions of the far north. Leaving their homes in Boston about a year ago, they decided they would go up above the Arctic circle to capture some of the big game of that region. They prolonged their stay until nature took a mean advantage of them and snowed and froze them in. They were unable to leave there until the warmth of the summer let them loose. They had the usual experiences of those who brave the arctic winters. They were glad to have enough food supplies to get through with, and instead of their hunt being one of sport it became one of necessity. The change from the far north to the land of sunshine was made as quickly as possible, and now they are enjoying the salubrious climate of the Valentine state.

FIRST REAL FROTH

The first real froth of the wet and dry campaign occurred on the Mesa City bank corner yesterday morning, when a number of the representative citizens of Mesa indulged in a wet and dry argument. It looked for a moment as if some one was going to get in bad, but after the first flash in the pan the better judgment of both parties asserted itself and the matter was talked over more quietly. However, it indicates that there is a feeling deep and swift in both parties.

STILL BUYING

An indication of business in the Gem City is evident when four carloads of canned goods arrive in one week. The Lesueur Grocery company has just finished unloading three cars, one from the east and two from California points, consisting of corn, tomatoes, and other staples.

AFRICAN SPORTS

The five-reel feature film presented at the Majestic has attracted large crowds both evenings. Manager Menhennett was persuaded to show the reels the second time. They cover a series of adventures in big and feathered game hunting in the African jungles and plains, as well as some of the customs and sports of the natives.

MAX DID IT

The Stapley Hardware company has a window that was prepared by the redoubtable Max. Max' idea of a Halloween window is quite attractive, but some of us can't figure out where the cat comes in. Milo maize, the corn of the south, is used extensively and a few pumpkins appear on the edges.

GETTING READY

The shoveling is being put in the building to be occupied by the Jerritt-Blake company.

ALL-DAY SESSION

The Ladies' Aid society of the M. E. Church held an all-day session yesterday, attending to the business of the society. They report most successful results.

OLD FOLKS TO BE ENTERTAINED

The L. D. S. Old Folks committee has named Wednesday, October 23, as the day on which the "Old Folks" will be made guests of honor. It is a custom of these people to render homage to the fathers, mothers and grandfathers and grandmothers every year. All over 60, regardless of sect, nationality or color, will be invited to attend a well-prepared program and other interesting things during the day. Full particulars will be given in an early issue. So, old folks, get out the bib and tucker and prepare to have a good time.

GERMANY IN FULL FORCE

(Continued From Page One)

struggle, but today says after several days of battle, that no fighting was reported yesterday, and no decisive result has been achieved. Apparently there has been no more fighting on the East Prussian frontier, where the situation has been quiet for some time, as the German report says "our troops are pursuing the retreating enemy in the direction of Ossowetz."

Ossowetz is the fortress, which was in range of the German guns several weeks ago when their advance on Niemen failed. The battle around Przemysl and south of that city is still going on, but still further south the Austrians claim they have cleared the Russians out of Hungary and are advancing toward Bukovina and the Crown land in eastern Galicia with the same object in view.

"Wednesday night and today the Germans made a violent attack on the environs of Ostend," says a Flushing Exchange Telegraph dispatch, "which was repulsed by the Belgians' energetic counter-attack. Eleven British warships fired on the Germans again this morning. General Von Trip and his staff, who were together in Leffinghe near Middelkerke, were killed by the British naval guns."

Emperor William and the German headquarters staff retreated from Czenstochowa, Russian Poland, close to the Silesian border, into Silesia, according to a dispatch from Warsaw via Petrograd to the Daily News.

Great Battle Continues

PARIS, Oct. 22.—Continuation of the great battle between the sea and La Bassee in which the Belgians and allies are holding their ground, was officially reported by the French war office tonight. Between Arras and Oise the Germans declared they met with strong opposition.

The text of the report follows: "The activity which the enemy displayed did not slacken today. Between the sea and La Bassee the battle continued with just as great violence without the Germans able to force back the Belgian army or the French and British troops. Similarly between Arras and the Oise the enemy made determined efforts which at no point were crowned with success. In the Argonne region we made progress between St. Hubert and Le Four Du Paris. To the north of Verdun we gained ground at Haumont and Brabant on the Meuse. In the Woeyre district we repulsed the attack on Champlon."

Another German Report

BERLIN, (via Amsterdam, London), Oct. 22.—A German official statement says: "In the northeastern war theater our troops are pursuing the retreating enemy in the direction of Ossowetz, (Russian Poland). Several hundred prisoners and machine guns were taken. Near Warsaw and elsewhere, in Russian Poland, after several days battle no fighting was reported yesterday. The situation is still in a state of evolution."

Say Germans Retreat

PETROGRAD, Oct. 22.—The rapid retreat of the Germans from continues," says an official communication issued at general headquarters tonight. "The bombardment by the enemy's heavy artillery caused no essential damage to the fortifications of Ivanovgorod or the bridges. In Galicia desperate engagements are still being fought. During the advance in the region between Przemysl and Ostrola there were captured more than thirty officers, 2000 soldiers and many rapid fire guns. To the south of Przemysl, Russian operations are developing, also with success."

Say Germans Pursued

LONDON, Oct. 22.—A Reuter Rome dispatch states the Germans being pursued along Piltza River left arms, ammunition and provisions in their trenches.

GLENDALE

QUIETLY MARRIED

Miss Elizabeth Boren and J. A. Ireland were quietly married in Phoenix, Wednesday evening. Miss Boren is a trained nurse and has spent several years in Phoenix, where she has made many friends.

FUNERAL OF CHARLES CARMEN

The funeral of Charles Carmen was held Monday afternoon from the Methodist church. Mr. Carmen's death came after an illness of several months due to tuberculosis of the spine. He was 44 years old and came to Arizona twenty years ago from Montana, and had been engaged in mining business in various parts of the state, until last April when his health began to fail. He was then

SHOVELED ASHES FOR COLLEGE EDUCATION

Shoveling ashes out of dark basements at 4 o'clock in the morning, driving cabs in the rain, working as janitor of college buildings, were among the courses included in his curriculum at the University of Denver by George H. Bradford, chancellor of the Methodist University of Oklahoma, who lectures here next Monday evening in the Y. M. C. A. course.

Chancellor Bradford, who is a member of the National Board of Education, worked his way through college, and has studied the problem of education first hand for years. For a number of years he was engaged in social center work in large cities, and his studies all along have been from a social standpoint, on original lines, especially in the application to the best advantage of what the schools have to offer.

working near Patagonia and was moved to Tucson for treatment and later to Glendale to be near his children, who were with their grandparents, Mr. and Mrs. Fred Kendrick. He is survived by a wife and two children. Interment was made in the Glendale cemetery.

MRS. GEORGE COX ENTERTAINS

Mrs. George Cox was the hostess at a delightful party given Monday afternoon, complimentary to Mrs. Clayton Brooks, at her home on Meridian street. The house was prettily decorated for the occasion with pink and white roses.

Mrs. Brooks, whose marriage, October 10, was a surprise to all her friends, and they took this opportunity to shower the bride with many pretty gifts of linen.

At the close of the afternoon a dainty collation was served. Among the guests were: Mrs. Clayton Brooks, Mrs. A. T. Bird, Jr., Mrs. J. J. Gump, Mrs. J. L. Gant, Mrs. J. M. Pearson, Mrs. Allen, Mrs. George Protzman, Mrs. C. E. Tinker, Mrs. DeFever, Mrs. A. A. Carrick, Mrs. C. M. Culver, Mrs. Frank Patterson, Miss Allen and Miss Meagher.

MIGHTY HUNTERS RETURN

The hunting party consisting of V. Sine, T. Sine, E. Hethewell, and their families, and A. A. Carrick, returned Sunday from a trip of three weeks spent at Pine Plains and Camp Wood on the Prescott forest reserve. They were successful in bringing down five deer, two wildcats and one wolf and found plenty of small game while there.

AT PHOENIX

Mrs. Clayton Brook spent Thursday shopping in Phoenix. R. O. Greer and T. Spicer were visitors to the Capital City yesterday.

Corns Come Off as Easy as You Please!

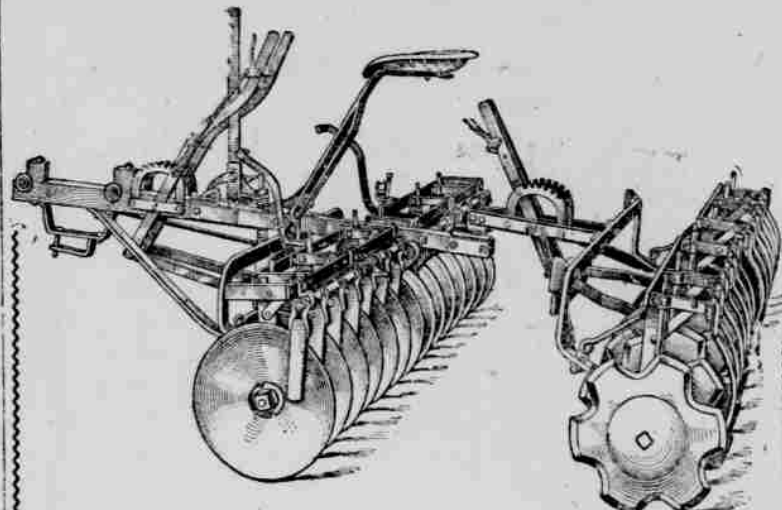

"Gets-It" Being Used by Millions! It is the first time that a real, sure-as-fate corn cure has ever been discovered. "GETS-IT" is the new

corn-ender, based on an entirely new principle. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plasters that press down on the poor corn—no more flesh-eating salves that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of blood poison. No more limping around for days with sore corns, no more corn pains.

"GETS-IT" is now the biggest selling corn cure in the world. Use it on any hard or soft corn, wart or bunions. Tonight's the night.

"GETS-IT" is sold by druggists everywhere, 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Phoenix, by Box Drug Store, East Drug Co., Elvey & Hulet.

The Disc Harrow ranks next to the plow in its importance on the farm. Its frequent use means the best seed bed and a better crop. The John Deere Disc Harrow is not only superior in general construction to other Discs, but there is also one most important difference in principle that places this machine strictly in a class by itself. If you already have a Deere Disc Harrow, by securing a rear section you can make a double action Harrow, or if you purchase a double action Deere Harrow by disconnecting the rear section you have a single action harrow. You frequently have use for both kinds. On both sections the draft is directly from the center of Disc Gangs, so there is no possibility of Gang Frames being sprung.
